

# **Code of Practice for Programme Accreditation (COPPA) 2<sup>nd</sup> Edition (2017)**

COPPA 2<sup>nd</sup> Edition Roadshow  
19<sup>th</sup> & 20<sup>th</sup> April 2017

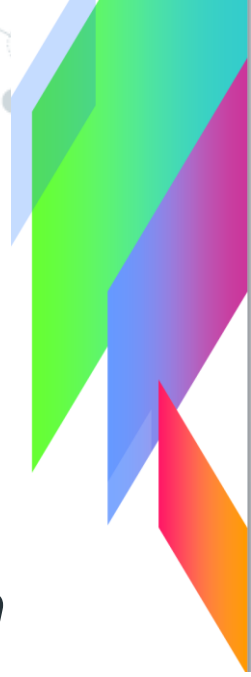

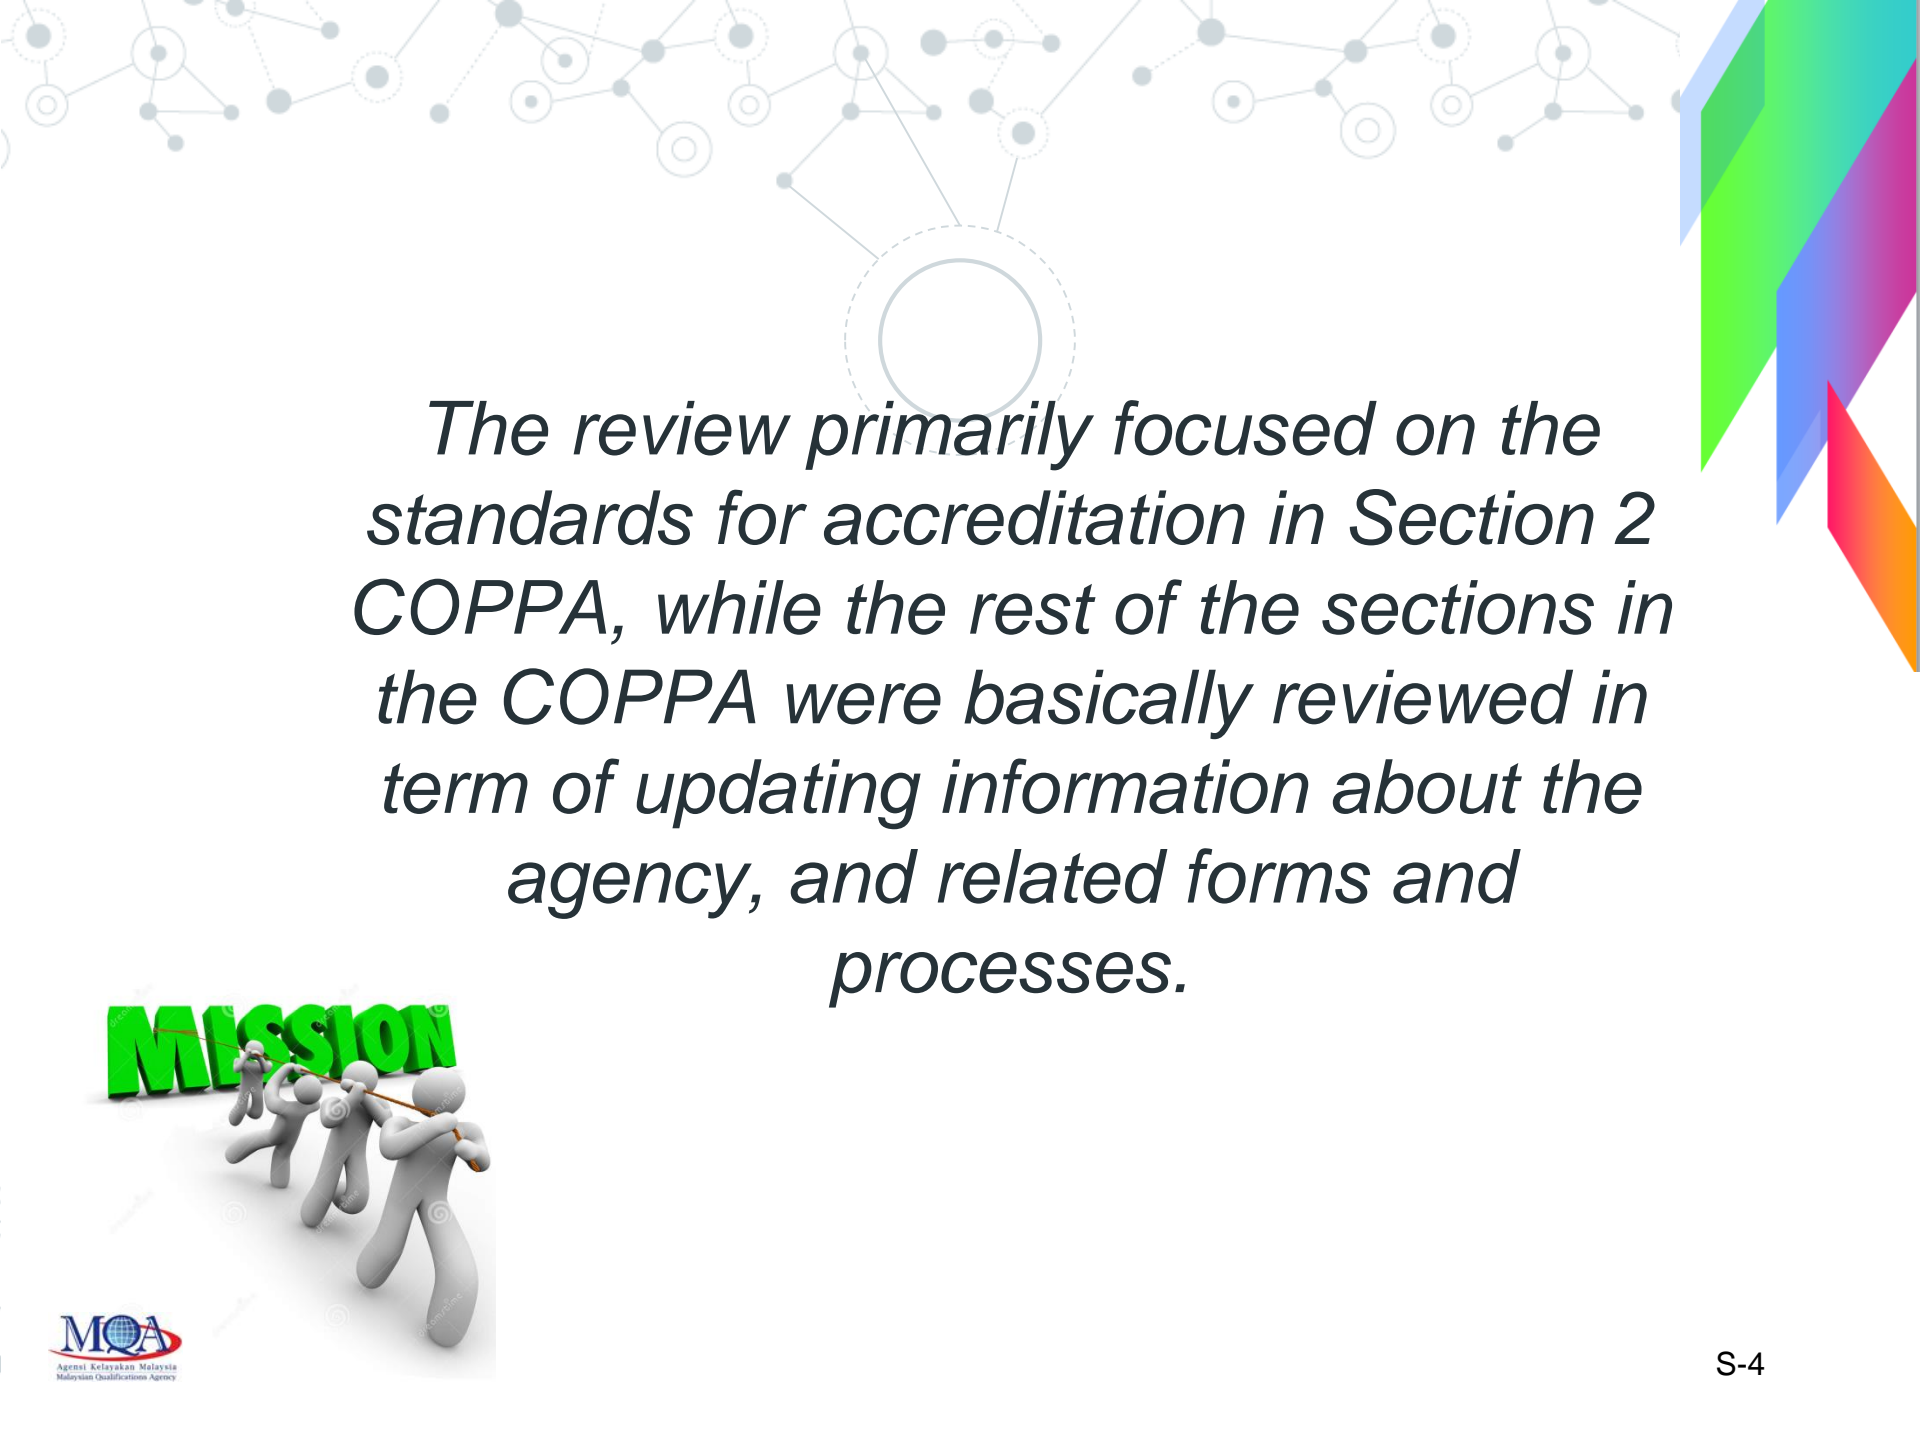

# Introduction

- The COPPA document was approved by MQA Council on 18<sup>th</sup> January 2008 and first published in September 2008.
- COPPA guides the higher education providers (HEPs) and MQA in assuring the quality of educational programmes offered by HEPs.
- Section 2, COPPA contains nine (9) areas of evaluation for quality assurance, with two (2) attainment levels, i.e. basic standards and enhanced standards.

- Streamline and strengthen the standards based on the current Quality Assurance (QA) requirements.
- Restructure the areas of evaluation and reduce redundancy of the standards for better reports of accreditation exercise.
- Align to the regional QA frameworks.

# Objectives of the Review

*The review primarily focused on the standards for accreditation in Section 2 COPPA, while the rest of the sections in the COPPA were basically reviewed in term of updating information about the agency, and related forms and processes.*

# **The revised Standards for Programme Accreditation and Seven Areas of Evaluation**

**have been approved by  
MQA Council Meeting  
No. 7/2016**

**on 14 November 2016**

<b>1.1.2</b> The programme must be considered only after a needs assessment has indicated that there is a need for the programme to be offered. <i>(This standard must be read together with standards 1.2.2 in Area 1, page 4 and 6.1.6 in Area 6, page 38)</i>	<b>1.1.2</b> Provide evidence and explain how the department has considered market and societal demand for the programme. In what way is this proposed programme an enhanced of the other?	<b>5.1.1.2</b> What are the evidence that show the demand for this programme? How was the needs assessment for the programme conducted?

# Standards for Programme Accreditation (2017)

- The 9 areas of evaluation were collapsed to 7 areas

- The 2 levels of attainment (basic and enhanced standards) were restructured into 1 attainment level and named as **'standards'**.
  - Relevant enhanced standards were absorbed into the basic standards, whilst the others were omitted from the document.
- Standards for Programme Accreditation (Section 2) were revised and restructured. This resulted in reduction in the number of standards from 159 standards (100 basic & 59 enhanced standards) to only **98 standards**.
