

# Week Without Walls @UiTM

A week free from the normal classroom on campus

Students may study online, go global, go for field experience, be involved in service learning, assist community activities, learn from industry experts or any subject matter experts from other universities, learn from peers, and much more without being confined to the four walls of the classroom.

No lectures in class!

Instructors design the learning activities based on stipulated learning outcomes, monitor and facilitate learning...and assess the achievement of the outcomes

**Commencing March 2018..**  
Faculties and campuses plan for a **Week Without Walls** for all or some courses; students take responsibility and complete their learning tasks.
